MONDAY MORNING, OCTOBER 18.

## NATIONAL REPUBLICAN TICKET,

JAMES A. GARFIELD POR VICE-PRESIDENT CHESTER A. ARTHUR, OF NEW YORK.

Presidential Electors. W. CAMPBELL, of Ohio County JAS. L. McLEAN, of Putnam County NAL DUTRICT ELECTOR N A. CAMPBELL, Hancock Count I. POUND TONE, Upsher County. MENAGER, Mason County.

FOR CONGRESS,
1st District—JOHN A. HUTCHINSON, of Wood.
2d District—J. T. HOKE, of Mineral.

The Democratic papers have made pretty bitter fight against Dr. Updegraffb in the Belmont district, and for some reason or other he has not enjoyed the ardent friendship of any of the Steubenville yet he polls 4,320 votes in that county, which is a gain on Foster's vote last year of 332. This shows the inherent strength of the Republican cause in Jefferson county. Jefferson is a county that can be relied on, although some times she is more reliable than at others.

### Doddridge County.

Jackson has 10 votes more than Sturgiss in this county, the vote standing Jackson 767, Sturgiss 757, and French 438. Sturgiss' vote exceeded that of Hayes in 1876 by 84, while Jackson's only exceeded Tilden's by 33. In 1878, the Congressional vote stood, Wilson 726, Hubbard 388, Bassell 451. With Bassell cut of the contest next month, Hutchison ought to have at least 200 majority in the county. And he can get a larger majority than this if the Republicans will recognize that the contest is only between him and Wilson, and that Mr. Bassell has no show whatever to carr a county in the district.

### Leads County.

It seems by the Republican that there were schisms in the ranks of the Republicans of Lewis county in the late election This misfortune kept them from polling their full strength. As it was, however they elected their candidates for Presiden of the County Court, for Assessor of the Second district, and for County Surveyor. Sturgiss received 698 votes, French 226 and Jackson 1,143. Jackson is in a minority of 181, and if the Greenback business is dropped Hutchison ought to have a fair show for carrying the county next month. We exhort the Republicans to heal up all press forward ardently and irresistibly in the canvass. Harmonize and organize, brethren, for the last great onset, and achieve a grand victory.

### Tucker County.

We see no reason why the Democrat Pioneer should have let loose an eagle instead of an ordinary barn yard fowl over the result in Tucker county. In 1876 Til den polled 316 votes in the county and Hayes only 130. In 1880 Jackson polls and Sturgiss 204. In other other words the Democratic vote has in creased less than 30 per ceat, while the Republican vote has increased nearly 57 per cent. It seems therefore as if a rooster might have answered under the circum-We observe that Sturgiss ran best in the

there should be so many. Brother Barke part of the time, and nearly all the social influences of the county are against the men who hold Republican principles.

Monroe is one of the counties where, as a great Republican victory like that of in Greenbrier, it is esteemed a species of vulgarity not to hold Southern and Seces sion sympathies. But she has 826 voters who do not bend the knee to Baal, and who will prove good seed in good ground for the future-seed that will spring up and bear fruit an hundred fold a few years

In 1876 Hayes received 605 votes against 1.239 for Tilden. Now Sturgiss receives 826 against 1,141 for Jackson, and 159 for French. In other words, the Republicans gain 221 and the Democrats lose 98. This is a splendid showing for Monroe.

### Nobie Old Preston.

The vote of Sturgiss in this grand old Republican county was 2,236, Jackson's I so one at Republican county was 2,236, Jackson's 1,237 and French's 143—giving Sturgiss a plurality of 999—a thousand save one. Our old friend ex-Senator Jones, of Cranberry, said early in the canvass, "Put down Preston for an even thousand."

This shows that he knew what he was talking about. She gains 53 on her splendly was for Hayse in 1876, and ahe carming the short of the state of the said the industry of the State of Missouri (Cheers.) Where stands the Democratic Darty on this? Its national platform asks for a tariff for revenue only. Now, there must be Democrats in this audience, and

Betwelev County.

Both parties suffered from the Greenback vote in Berkeley this year. Sturgies got 1414 votes as against 1563 for Hayes, and Jackson got 1689 as against 1897 for Tilden. French, the Greenback candidates, received 304 votes, which was 391 less than Thompson (Greenback candidates and Billmyer, Greenback candidates for the House of Delegates, and members of the last House, were both left this year, receiving respectively only 374 and 394 votes. looked upon as a Democrat, a Granger and a Greenback sympathiser, was badly beaten for re-election by Davison, inde-

Marion County.

Marion County.

Marion County.

St. Louis. [Loud applause.] If with Democracy trying to tear them down and strangle them, with Republicanism trying to uphold them, this much has been accomplished, I say to you again that Missouri needs the policy of the Republican party far more than the Republican party can need her vote.

Governor, hurt the Republicans decidedly in this county. He polled 403 votes, and whereas the Republican vote for Hayes in '76 fell off from 1,560 to 1,471 for Sturgis the vote for Tilden (1,725) was increased to 5,739 for Jake Jackson. Jackson's gos pel of hate, first preached at Fairmont eems to have helped him in that county and considering the fact that the Democracy of Marion received their education under so many prominent secession leader in 1861, we do not wonder that Jake ran well in that county. Font Smith, how ever, got waxed by Jas. H. Furbee, their respective vote standing 1,713 and 1,846 The vote of Purbee in Marion and Marshall seems to have overcome the majority against him in Wetzel, and elected him to the Senate.

We regret Capt Pritchard's defeat fo papers, Republican or Democratic. And Sheriff. The candidacy of Manley, Green-vet he poils 4,320 votes in that county, backer, killed his prospects. He deserved

### Tyler County.

The Republicans of Tyler county achieved a glorious victory last Tuesday Selmon Wells, Republican, was elected to the House of Delegates over H. A. Rymer, the late member, receiving 1068 vote to the latter's 881, and to 188 for D. M Ward. This is a gain of 83 over Hayes vote in 1876.

The Star is in ecstacles over the result and exultingly proclaims that the Lord reigns in Tyler county. We congratulate brother Deloe on the good work he has done in the Tyler cauvass.

We are sorry to see that the dog law was not adopted. We had supposed that Tyler was getting to be one of the prominent wool growing counties of the State but it seems that the dogs still have the upper hand of the sheep in the popular affections. There were only 391 votes for the dog law, while there were 1,519 It is needless to say that the amen-

ments were overwhelmingly carried. The vote stood 1,408 for article 8, and 460 against, and 1,430 for article 3, and 39 gainst. The vote for Sturgiss, for Governor, was

only 13 less than the vote for Wells. The Star claims that 250 majority can be had for Hutchinson in November.

### One of the largest Republican meetings

of the campaign in Marshall county was their schisms, close up their ranks and held at Cameron on Saturday last. It was an old time jubilee gathering, and the crowd was estimated as high as two thousand. Notwithstanding the weather the people were enthusiastic and demonstrative. They gathered from far and near men, women and children; some in wag ons, some in carriages and buggies, a gres many on horseback, and a large number on foot. They had a large number of flags banners and mottoes in their procession We have never seen such an outpou ing of the solid yeomanry of that region. An immense meeting was organized soon after 1 o'clock. J. E.

Hooton, Esq., was called to preside and Mr. Crouch, editor of the Moundsville Commercial, was made Secretary. The Benwood brass band and the Cameron Glee Club furnished the music Dry Fork district. Does this mean that for the great gathering, and inspiring music it was, too, Dr. Stidger read the in the shape of a dispatch from Chair-man Atkinson. Speeches were made by A. W. ### GEN. WOODFORD AT ST. LOUIS.

His Remarks on the Tariff Question, Gen. Woodferd, whose speech in this city so captivated everybody that heard it, made a telling speech in St. Louis a few nights ago, from which we make the following extract on his remarks about the tariff. They apply to West Virginia and Wheeling quite as much as to Missouri

talking about. She gains 53 on her splendid vote for Hayes in 1876, and she certainly will give Garfield and Hoke a plump thousand next month. Roll on the ball.

A determined set seems to have been made to defeat Mr. Dawson, the editor of the Journal, candidate for Senate, on account of his position in favor of raising the money to work the roads of the county by general taxation, instead of compelling the poor men of the county to give three or four days' work to that object. We or four days' work to that object. We are happy to see that he has pulled through. His position will stand the test
